TAFT PLANS CONTEST FOR 2 IN CALIFORNIA

COMMITTEE ASKS FOR OFFICIAL FIGURES

Roosevelt Predicts Sweeping
Victory in New Jersey—
Five Speeches Today

GOV. JOHNSON NOT TO BE
CONVENTION CHAIRMAN

But Announces That He Will
Second Nomination of
Col. Roosevelt

SAN FRANCISCO, May 25.—Following the issuance by Secretary of State Jordan to the Taft committee of the official figures of the presidential preference primary results in the fourth and fifth congressional districts, Vice President Philip Teller of the Taft League, when asked if the Taftites plan a contest, declared: "We are giving the entire data to the Republican National Committee and will leave the matter entirely in their hands. Without doubt E. H. Tryon and Morris Meyerfeldt, Jr. of the fourth district will contest."

Taft carried the fourth by a narrow margin in the primary election.

TAFTITES REQUEST CERTIFIED REPORT OF PRIMARY VOTE
SACRAMENTO, May 25.—Secretary of State Jordan at the request of the Taft committee, issued a certified report of the primary vote in the fourth and fifth congressional districts. This is believed to indicate that the Taft men plan a contest for delegates. Jordan issued credentials today for Roosevelt and Clark delegates.

Roosevelt delegates are in conference this afternoon deciding minor matters before the National convention. They announced that all matters undecided today will be taken up aboard the special train en route to Chicago. In order that alternates might be named today, each delegate was given formal credentials based on primary returns thus far tabulated.

GOV. JOHNSON TO SECOND ROOSEVELT'S NOMINATION
SACRAMENTO, May 25.—Governor Johnson announced today at a meeting of Roosevelt delegates that he would not be a candidate for temporary chairman at the Chicago convention but would second Col. Roosevelt's nomination.

ROOSEVELT PREDICTS SWEEPING VICTORY
ASSBURY PARK, N. J., May 25.—Col. Roosevelt arrived here today to deliver the first of five speeches scheduled for today. He speaks tonight at Elizabeth. He will spend Sunday at Oyster Bay, returning to New Jersey next Monday. He predicted a sweeping New Jersey victory.

Taft Resumes Speaking
JERSEY CITY, May 25.—President Taft today resumed his campaign, speaking here and in several adjoining towns.

SHERMAN MAY ASK LORIMER TO RESIGN
AT REQUEST OF TAFT
CHICAGO, May 25.—Vice President Sherman arrived here today. He declined to state the reasons for his visit. A Washington rumor says that President Taft sent him here to request the resignation of Senator Lorimer. Republican National Committee member New denied that Sherman was here on convention business.

TAFT'S FAITH IN HIS NOMINATION IS STRONG
NEWARK, N. J., May 25.—That his nomination was certain, no matter what the result at the New Jersey primaries, was the statement of President Taft at Arlington today. "He declared Col. Roosevelt's nomination was impossible. 'I came here merely because I want the nomination emphatic,'" said Taft. "I already have 575 delegates."

ESTIMATES OF STRENGTH IN CONVENTION ISSUED
WASHINGTON, May 25.—The campaign managers of the various presidential candidates have issued the following figures and claims: Republicans, delegates in convention 1076; necessary to choice, 539; Taft claims 533; Roosevelt claims 463. Taft concedes Roosevelt, 393. Roosevelt concedes Taft, 181. Instructed for La Follette, 36. For Cummins, 10. Uninstructed, 122. Uninstructed claimed by Roosevelt 72. Taft delegates contested by Roosevelt, 182. Roosevelt delegates contested by Taft, 20. All uninstructed delegates claimed by Roosevelt are not included over the total pledged.

The Democrats, delegates in convention, 1092. Necessary to choice, 728. Clark claims, 391. Wilson claims, 325. Wilson concedes Clark 80. Harmon claims, 42. Instructed for Marshall, 30. For Foss, 36. Baldwin 14, and Burke 10. Not instructed, 150.

THE WEATHER
Showers tonight and Sunday; light northwest wind.

Pentecost Sunday
For Catholics Tomorrow
Pentecost Sunday, tomorrow, will be observed in all the Catholic churches of Southern California. As the day of the Pasch, so the Pentecost was a day of honor, under the old law. Pentecost, which means the fiftieth day, was the time chosen for the solemn promulgation of the Ten Commandments.

Wilbur Wright's Chance For Recovery is Excellent
DALTON, Ohio, May 25.—Wilbur Wright spent a restful night. His chance for recovery is now excellent.

QUARTER OF MILLION RIVERSIDE BUILDINGS
RIVERSIDE, May 25.—There will begin Monday at the corner of Seventh and Orange streets in Riverside improvements costing more than a quarter of a million dollars, forming part of the civic center—the federal building and the new and beautiful edifice of the First Congregational church.

NEW TUBE MILLS OF RIVERSIDE ENLARGED
RIVERSIDE, May 25.—The new tube mills ordered by the company, to increase 50 per cent the output of its plant, will be in operation June 15. This installation will make the local plant one of the largest and best in America.

4 BULLET HOLES IN FACE OF SUPPOSED TONG WAR VICTIM
LOS ANGELES, May 25.—The body of Ching Loy Hing, who came here recently from San Francisco and opened a store, was found in the store this afternoon with four bullet holes in the face. It is believed Hing was a victim of tong troubles. Two Hip Sing tongmen of San Francisco upon arriving here last night were arrested and fined thirty dollars each for carrying concealed weapons. Ching was a member of the Suey Sing tong. Quan Gim Gow, a member of the Hip Sing tong, was arrested following his statement that he witnessed the murder.

FULLERTON'S BILL PAID;
NO SHOWING THAT HIGH SCHOOL BOYS WERE GUILTY
A committee from Santa Ana consisting of W. A. Bartlett, Coach Ratcliffe, Stuart Smith, president of the student body, and Marvin Morrison, manager of the baseball team, went over to Fullerton this morning and had a conference with Principal Brunton and representatives of the Fullerton High School, including the coach and manager of the Fullerton team. It is reported that the occurrences following the baseball games last Tuesday.

Mr. Brunton disclaimed responsibility for many of the statements that appeared in the papers regarding the affair, and expressed regret that they had appeared. There was nothing brought out in the course of the conference to show that Santa Ana high school boys were responsible for the acts of depredation and rowdiness that occurred. It was also found that the Fullerton team was not responsible for the acts of the Santa Ana team.

MAKES FIFTEEN NOMINEES FOR BOARD

Chamber of Commerce, M. & M. and City Trustees Held Conference

WELL KNOWN MEN PUT IN FIELD

Nominations Not Allowed to go by Default—To Circulate Petitions

John Cubbon, L. J. Carden, S. H. Finley, G. W. Minter, A. C. Tiede, B. Uttley, C. S. Crookshank, J. E. Liebig, J. Reinhaus, E. B. Smith, A. R. Hervey, Fred Ross, J. M. Talcott, J. A. Turner and George S. Smith are candidates for election as members of the board of fifteen freeholders that will draft a charter to be submitted to the voters of Santa Ana.

These men became candidates as a result of a conference last night between the directors of the Chamber of Commerce and the Merchants & Manufacturers' Association and the Board of City Trustees.

None of the fifteen nominees went forth seeking the nomination. There remained but about a week in which nominations could be made, and there were no candidates out. It began to look as though the matter would go by default. It was then proposed by the Merchants & Manufacturers' Association that there be a conference at the Armory last night, and that each of the three civic bodies make five nominations. That conference was held with the result that the first five men named above were selected by the Chamber of Commerce, the second five by the M. & M., and the last five by the City Trustees.

This action in no way bars any other candidates or tickets, but it assures the people that there will be fifteen good, substantial men running for the positions.

Action was taken last night to get the fifteen men upon the ballot, and to that end J. C. Metzgar, secretary of the Chamber of Commerce, was chosen to act as verification deputy for the fifteen nominees of the conference. Metzgar is empowered to get aid if it is necessary to do so to circulate the petitions.

Each petition must have the signatures of at least fifty-two qualified electors of the city.

The qualifications of the fifteen men whose names are to be submitted as the result of the conference were thoroughly considered. Enough of them have served as city trustees to thoroughly present to the board of freeholders any points that may arise that need presentation from the standpoint of a city councilman. All of them have the qualifications as to length of residence here and as to the owning of title to property.

HEAT SLAYS NINE BABES IN SMOKY OLD PITTSBURG
PITTSBURG, Pa., May 25.—Nine deaths from heat were reported to the coroner up to 5 p. m. yesterday. The victims were all infants.

The day proved one of the hottest ever registered here for any month of May. Intense suffering is reported everywhere, especially among the poorer classes, this being greatly augmented by a shortage of ice.

In one crowded tenement there were three deaths of infants reported in as many hours. Inability to obtain milk and lack of ice were given as the causes of death in each case.

dress-suitcase of one of the Fullerton boys, and two caps were returned by the Santa Ana boys. The bill was settled for \$6.70. The bill they sent was for \$11.50.

Inasmuch as the Santa Ana authorities were responsible for the safekeeping of the valuables left in the dressing room at the Athletic Park, they thought they ought to settle the bill for the articles taken, at the same time claiming that no evidence had been brought forth that the articles had been taken by Santa Ana high school boys.

Principal Brunton also disclaimed recommending to the Orange County League the expulsion of Santa Ana from the league. It was also shown that the statement that wearing apparel was taken was untrue. All together, the conference was a very satisfactory one, and the matter was considered as officially closed, and the Fullerton team was not responsible for the acts of the Santa Ana team.

PRESENT MEDAL WEDNESDAY NEXT

Santa Ana to Honor Successful Young Aviator Who Learned to Fly Here

HANDSOME TROPHY SET WITH DIAMONDS

Inscription Shows it Comes From Chamber of Commerce and M. & M.

Next Wednesday night at the Grand Opera House a fine gold medal is to be presented to Glenn L. Martin, the Santa Ana aviator, now world famous. The donors will be the Chamber of Commerce and the Merchants & Manufacturers' Association, and to the reception everybody in Santa Ana is invited.

The medal was completed today by E. B. Smith. It is a handsome trophy, one that Martin can show anywhere and be proud as having come to him from his home town in appreciation of his wonderful success as an aviator. The medal is given in recognition particularly of Martin's flight to Avalon and return on May 10.

At the top of the medal is a grey eagle in flight. This is sterling silver. Attached by chains is a gold scroll, decorated with brilliant diamonds, and to the scroll is a gold pendant shield. On the face of the medal appears these words:

"Glenn L. Martin—World's Record, May 10, 1912. First Flight Newport Bay to Avalon and Return."

On the pendant shield is an artistic representation of Newport Bay on the left and Catalina Island with a biplane between.

On the back of the pendant appears these words: "Presented by the Chamber of Commerce and the Merchants & Manufacturers' Association of Santa Ana, Cal., to our fellow townsman, Glenn L. Martin, May 29, 1912."

City to Honor Him
The entire city will join in doing honor to Glenn Martin. Following the presentation speeches and the presentation of the medal by Dr. H. E. W. Barnes, who officiated at the birth of Glenn Martin, an informal reception will occur in the lobby of the opera house.

N. A. Ulm, secretary of the Merchants & Manufacturers' Association, has made arrangements for the use of a biplane on the stage as a setting for the evening's program.

Believed Senate Will Pass It and That President Taft Will Sign it

WASHINGTON, May 25.—It is believed the senate will sanction the house eight-hour bill. President Taft will sign the measure unquestionably.

An eight-hour bill has been before congress for years, but never before has it had a chance. The unions have been working for it unceasingly.

The eight-hour day prevails now in government offices and workshops, but the measure pending in the senate provides that private concerns doing government work shall not work their employees more than eight hours a day.

The measure probably will bring the eight-hour day in the steel mills where armor plate is made, and in establishments where battleships are constructed. It means the extension of the eight-hour day in every factory doing government work by contract.

SANE FOURTH AT ALHAMBRA
ALHAMBRA, May 25.—At a meeting held at the city building Thursday night, at which nearly all the social and civic organizations of the city were represented, it was decided to have a sane celebration of the Fourth of July this year. It was unanimously voted not to use any explosives or fireworks, but instead to make a specialty of games, sports, musical and picture show entertainments.

POMONA HAS 3 NEW P. E. CARS—SERVICE TO BE INCREASED
POMONA, May 25.—Three new cars for the Pacific Electric lines arrived here yesterday and will be put into service at once. Since the P. E. acquired the Interurban line it has established a new ticket office at Garey and Third streets, and is changing the schedule to care for the rapidly increasing traffic. Transfers are now

SCHOOL PRINCIPAL GONE. WARRANT OUT FOR ARREST SERIOUS FELONY CHARGE

A warrant has been issued for the arrest of R. C. Macdonald, who, on Wednesday of this week, left his position as principal of McKinley school and left the city. The complaint charges a felonious assault upon a 14-year-old girl of the McKinley school. In many ways the charge is a duplication of the charge that was brought against C. R. Peabody, who was principal of the Magnolia school, west of Anaheim. Upon conviction, about a month ago, Peabody was sentenced to twenty-five years in San Quentin.

Macdonald and his wife lived at 502 South Main street. Several weeks ago the wife went to Paso Robles, where her father was ill. She has not been here since her departure at that time.

Three months ago there was some talk concerning Macdonald, but an investigation at that time seemed to indicate that the talk was mere gossip.

On Sunday, May 12, the assault is alleged to have occurred at Macdonald's house, after the girl had called him up on the telephone and had been told to go there.

Evidence was gathered by a neighbor of the girl, and on Wednesday was presented to the officers. An hour before the warrant was issued, Macdonald boarded a car for Los Angeles, saying that he was going to join his wife, who was very ill. He is known to have been in Los Angeles yesterday.

STOKER SAYS TITANIC WAS AT FULL SPEED WHEN CRASH CAME

NEW YORK, May 25.—Final testimony in the Titanic investigation was given Senate Committee Chairman William Alden Smith today by a Titanic stoker named Frederick Barrett in the presence of Admiral Watts.

Barrett testified that the Titanic was running at full speed when the crash came and he barely escaped the stokehole before the gates automatically closed and that he knew many stokers were trapped. Barrett said the water rushed into the hold immediately after the crash.

After testifying that twenty-four of the Titanic's twenty-nine boilers were going when the collision came, Barrett said: "I was on duty in the forward section and was talking to second Engineer Hasket when an order came from

the bridge to stop the engines. Simultaneously a red light flashed in the signal box where it had before been white, indicating that the vessel was full speed ahead. When I escaped from the room I looked back and saw eight feet of water where I had been. When the water rushed toward me I climbed the ladder."

Barrett declared that intervention in the vessel from the rear. He said he had charge of the boat on which Mrs. Astor escaped.

Smith then took the depositions of Captain Haddock and Wireless Operator Moore of the Olympic. The operators book showed the following message from the Carpathia: "Is may is under an opiate." Moore and Haddock swore they had no orders to suppress messages.

gun yesterday, establishing the records in the McNamara case in which George Lockwood, whom Darrow is alleged to have bribed, was drawn for jury duty.

ALL EUGENE SCHMITZ INDICTMENTS DROPPED
SAN FRANCISCO, May 25.—The last graft indictments pending in San Francisco courts against Eugene Schmitz, were dismissed today.

These indictments were the last of hundreds arising from the famous San Francisco graft prosecution including city officials and corporation magnates. The dismissal was on the ground that the cases did not come to trial within the legal sixty-day limit as ordered by the Appellate Court.

WEBB SAYS HE WILL LAY LOW
Will Leave All Prosecutions to Uttley—Los Angeles Jury Getting Busy

SAN DIEGO, May 25.—Chief of Police Wilson and delegates of detectives are trailing members of the Industrial Workers of the World who disappeared recently in the Sweetwater quarries simultaneously with the disappearance of a hundred sticks of dynamite.

Attorney General Webb this morning announced he will not participate in any prosecution arising as a result of the conditions here. He will leave these to the jurisdiction of the district attorney. Webb conferred with several city officials today.

I. W. W. ATTITUDE TO LAW AND ORDER TO BE PROBED
LOS ANGELES, May 25.—Assistant Federal District Attorney Robinson, who is directing an investigation in the Industrial Workers of the World's activities announced this afternoon that the grand jury would consider the general question of the Industrialists' attitude toward law and order, when it resumes its sessions Tuesday.

Robinson refused to state whether it would take action on the reported discovery of a bomb here, and in San Diego to and the alleged plot to assassinate San Diego officials.

San Diego officials and Industrialists will be witnesses Tuesday.

San Diego, May 25.—J. M. Porter, a vigilante, was adjudged not guilty of contempt of court by Superior Judges Lewis, Sloane and Guy, at 11 o'clock last night, and thereupon one of the issues of between citizens and I. W. W.'s was eliminated.

The charge against Porter, a real estate man, was that he had endeavored to intimidate Attorney F. H. Moore, Marcus W. Robbins and Stenographer W. S. Rawlins.

The entire bar association represented Porter, and the entire Superior Court bench heard the case.

The only legal proceeding now bearing upon the situation is the inquiry of Attorney-General Webb.

OPENING DANCE
A Grand Opening Dance will be held in Campbell's new hall in Orange next Friday night, May 31st, with excellent music by a complete orchestra. All invited. Admission

LOCKWOOD ON STAND TODAY
Told of Bribery by Bert Franklin as Representative of the McNamara Defense

LOS ANGELES, May 25.—George N. Lockwood, the prospective McNamara juror, was the second witness when the Darrow trial was resumed today. Lockwood is the man whose bribery by Bert Franklin, Clarence Darrow is alleged to have authorized. Lockwood testified: "Franklin told me he was working for the McNamara defense by handling the 'jury fund.' He first offered me \$2500 if I would qualify as a juror and return a verdict of not guilty. Franklin told me one juror already had been fixed."

Attorney Earl Rogers' motion to strike out the conversation on the grounds that it was hearsay occasioned a bitter tilt with District Attorney Fredericks. Judge Hutton requested both sides to submit authorities in defense of their contentions over the point, saying he would rule on the point Monday.

EXTRA JUROR CHOSEN AND FREDERICKS OUTLINES CASE
LOS ANGELES, May 25.—A. M. Blakesley, the proprietor of a rooming house at No. 531 Crocker street, was sworn in as the thirteenth juror in the trial of Clarence Darrow, charged with bribery, late yesterday afternoon. Immediately District Attorney John D. Fredericks outlined the case which the prosecution expects to establish against Darrow.

Fredericks asserted the State would show that the bribe money given to George N. Lockwood by Bert Franklin was given to Franklin by Darrow himself the morning of the bribery.

The prosecutor declared he would show Darrow sought to obstruct and defeat justice by offering and paying bribes to other jurors, and that as a part of the same plot he paid hundreds of dollars to witnesses for the State to induce them to leave California or to induce them not to testify; that particularly he paid large sums to agents in the effort to persuade Ortle McManigal not to testify for the State.

Plain, But Effective
Fredericks boldly faced his adversaries in their strongest entrenchment with the assertion that he would present conclusive evidence that Franklin was in the employ of Darrow, and acting under the orders of Darrow, and that he was not in the employ of or acting under the direction of the District Attorney's office.

The prosecutor of the McNamara case made his address in plain, simple manner, with monotonous mildness, but effective absence of display, of rancor or vindictiveness of boastfulness.

TRIAL DELAYED BY 20-MINUTE CONFERENCE
LOS ANGELES, May 25.—George E. Monroe, clerk of Judge Bordwell's court during the McNamara trial, was called to the stand when the Darrow case was resumed today.

The opening of the trial was delayed twenty minutes while the attorneys and Judge Hutton conferred in the chambers of the latter.

WAR FLEET TO BE SENT TO KEY WEST

Two Formidable Squadrons Will Aid in Crushing the Cuban Revolt

VESSLS WILL WAIT FOR ORDERS TO TAKE ACTION

Taft and Cabinet Alarmed Over Menace to American Life and Property

WASHINGTON, May 25.—A formidable U. S. battleship fleet under Admiral Osterhaus has been ordered to mobilize at Key West to prepare to aid in the suppression of the Cuban revolution if ordered to do so.

The fleet includes the Third and Fourth divisions of the Atlantic Squadron including the battleships Georgia, Nebraska, New Jersey, Rhode Island, Mississippi, Missouri, Minnesota and Ohio.

The hospital ship Solace was ordered to accompany the fleet to Key West. Two supply ships will be sent later. The impression is growing here that intervention is imminent. It was learned officially today that Taft and his cabinet believe that intervention in Cuba is probable. Destruction of American property and menace to American lives, are such as are believed to necessitate U. S. action. Cuban finances are at a low ebb. President Gomez has called for volunteers.

The War Department refused to admit that it was preparing to send troops to Cuba.

REQUEST TO NAVY FOR SHIPS INDICATE ACTION
The probability of immediate intervention in Cuba was emphasized today by the State Department's request to the Navy Department to send the battleship Nebraska, with all other ships available, to Key West, to be in readiness for Cuban developments. President Taft and his cabinet are greatly alarmed over the situation.

FEDERALS PURSUED REBELS; FIGHT EXPECTED AT JIMINEZ
EL PASO, May 25.—There is to be no rest for the defeated rebels at Jiminez, according to General Huerta, the federal commander, who last night was in communication by wire with federal officials. There is to be no cessation of hostilities on the part of the rebels, despite their defeat at Rellano, according to an official dispatch from General Orozco at Jiminez to rebel officers in Juarez last night.

General Huerta said the federal advance guard already is far beyond Rellano on its way to attack the rebels at Jiminez, and that the battle there will be renewed as soon as his forces got to that point, which probably will be today.

Last night the rebels were encamped at the place which formerly was Orozco's headquarters before he made his disastrous movement to the south and at Jiminez probably will be the next important battle between the contending armies. Assigning as reason for the defeat of his army, scarcity of ammunition, the superior marksmanship of the federals and the intolerable heat at Rellano, yet Orozco last night declared that the rebels ceased fighting because it was impossible for them to continue without great suffering.

1,200 POLICEMEN GUARDING NEWS STANDS AND PRESS

CHICAGO, May 25.—With 1200 policemen still guarding the offices of the various strike-affected newspapers and news-stands, the attorneys representing the striking newsmen today asked Judge Brennan to enjoin the non-union dealers from operating news stands on street corners.

The unionists have issued a public appeal asking that men shall not give up their seats in the cars to women. See Chicago paragraph on which

BUSY SUMMER IN PROSPECT

Huntington Beach Will be the
Camping Place For Several
Organizations

Huntington Beach News: Con- tracts have been closed by the Hun- ington Beach Tent City Company for three encampments this summer, the season beginning about two weeks earlier than heretofore and prepara- tions are being made for unusually large crowds. The expectation of ex- ceptionally large attendance at the encampments of the Methodist As- sembly and the Southern California Veterans' Association is based upon the assurance from the officers of those organizations that it will be greater than ever before.

The Socialists of Orange county will camp here from July first to July seventh, inclusive, with the following program: Speakers—Alexander Irvine, T. W. Williams, N. A. Richard- son, Mrs. Irene Smith, county organ- izer, and others. Entertainment by days—Huntington Beach and Win- terville branches, Monday, July 1st; Santa Ana branch, Tuesday, July 2nd; Anaheim branch, Wednesday, July 3rd; local, Orange county, Thursday, July 4th; Orange and Garden Grove branches, Friday, July 5th; Fullerton and Buena Park branches, Saturday, July 6th; Orange county, Sunday, July 7th. Daily program—Morning session, short speeches and general discussion, vocal and instrumental music. Afternoon session, address by speaker of the day. Evening session, half hour speeches by various per- sons and entertainment by the branch or branches of the day's allotment.

The Methodist campmeeting for 1912 will begin July 21st and contin- ue until August 4th, both days in- clusive. Brown and Curry, the noted Southern evangelists, will have charge of the meetings. They were here last year and drew enormous audiences, afternoons and evenings. There will be Sunday school and Ep- worth League institutes and the evan- gelistic services will be in progress at the same time. The institute will occupy the mornings for the first ten days and after that the Women's Home and Foreign Missionary Soci- eties will each have a morning. The institute courses will be more com- plete than ever before. Dan Brum- met, once assistant editor of the Ep- worth League Herald, will probably be present, and Rev. Dr. Oren B. Waite will have charge of the Sunday school work. Each will have a corps of as- sistants. The recreation and athletic features of the encampment will have more attention than heretofore as many of the young people make this their annual vacation.

The Southern California Veterans' Association will hold its eighth con- secutive annual encampment here, beginning on August 13th and contin- uing ten days. Commander Jason J. Shepard is taking a great deal of interest in this year's outing for the old soldiers and promises the great- est attendance ever here. The na- tional encampment of the Grand Ar- my of the Republic will be held next September at Los Angeles and it is expected that many of the veterans from other states will attend this year's encampment at Huntington Beach and remain for the national encampment. Eminent speakers will also be here as they will easily be secured, in view of the proximity of the two encampments.

HOOSIER VULCANIZ- ING WORKS

THE PRETTIEST, CHEAPEST AND BEST little Ranches in the whole state are right here in San Jacinto

San Jacinto is to have a new Hotel. Mr. Vosburg is erecting a fine Resort Hotel, after the general style of the Glenwood, Riverside, more evidence of the great prosperity that is taking place since the new Water Discovery. This new Hotel will have over two hundred foot frontage, and be strictly modern in every particular.

In addition there are two elegant Hot Springs Resorts, and the famous Mountain Resort of Idyllwild near by all contributing their share to the de- sirability of SAN JACINTO and vi- cinity as a home site.

In fact our beautiful valley has so much to offer in the way of induc- ements at this particular time, that anything in the form of advice from us, except a direct invitation to come and see with your own eyes, would be a useless expenditure of time, and possibly the loss of a good opportu- nity. Your eyes will tell you more than could be expressed in volumes. They will give you the whole truth, and in time to act to advantage. If you decide to come, either to look the Valley over, or as a prospective neigh-

bor, you can rely on this organization for complete co-operation and advice at all times.

Personally we have no lands for sale, but we are interested in seeing our Valley grow and fill up with the right kind of people. We know from a close comparison of conditions and prices in the best localities through- out the southern part of the state, that lands around San Jacinto, and business property within the city, are being priced away under value.

The thrifty little city of San Ja- cinto, with its wholesale and com- mission houses, furnishes an up-to- the minute market for everything that is raised.

A Committee with autos has been appointed to show everybody around free, and we extend a hearty invita- tion to all of our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. San Jacinto Board of Trade, San Jacinto, Cal.

CLUB FEDERATION CONVENTION AT PASO ROBLES JUST ENDED

Mrs. J. W. Orr Installed as President—
Fresno to be Meeting Place in 1913
—Legislative Measures

PASO ROBLES, May 25.—One of the most successful conventions of the California State Federation of Woman's Clubs was brought to a close yesterday afternoon with the in- stallation in the presidential chair of Mrs. J. W. Orr of San Francisco and acceptance of the invitation of the San Joaquin district federation and the clubs of Fresno to hold the next state convention at Fresno in 1913.

The entire slate nominated Wednes- day was elected. The new officers are: Vice president, Mrs. A. A. God- dard of Sacramento; vice president, at large, Mrs. Calvin Hartwell of Pasadena; recording secretary, Mrs. E. D. Knight; corresponding secre- tary, Miss Hattie Schiedemann of San Francisco; treasurer, Mrs. H. E. Denyse, Riverside; auditors, Mrs. Cora Jones, Oakland, and Mrs. T. H. Miner, Bakersfield; general federa- tion secretary, Mrs. Russell J. Wa- ters, Los Angeles.

Redistricting Recommended
Recommendations for redistricting the state similar to the assembly and senatorial systems will be presented at the next state convention, and also it was decided to appoint a com- mittee to consider the matter and present a resolution to that effect. The committee will be appointed by the new president.

Mrs. Russell J. Waters, retiring president, in her farewell address, begged for better correlation of the departments of the federation, and avoidance of harmful club policies in the federation.

Among the laws which will be urged during the coming year are those providing for an adjustment of community interest in property for women, equal guardianship laws and free textbooks.

Women Demand Changes in Laws
A hint of what may be expected from California club women during the coming year when the legislature convenes was given. Out of nineteen

resolutions adopted, thirteen dealt with legislation, either the introduc- tion of new laws or the amending of old ones. There were times when motions of the delegates were awayed strongly, resolutions were tabled, brought up and revised and discussed earnestly again, until it would seem a decision could not be reached.

The resolution introduced by Mrs. Charles Farwell Edson of Los An- geles, state chairman of health, oc- casioned the most discussion, but finally was accepted after revision and strong appeals for it from Mrs. Oliver H. Clark and Mrs. Calvin Hartwell, both of the Los Angeles district. The resolution, which is thirteenth on the list, states that the club women of the state endorse a bill to be presented to the next leg- islature providing for the regulation of marriage on the basis of health.

Peace Movement Indorsed
A resolution to indorse the move- ment to have erected at the entrance to the Panama canal a peace monu- ment was lost, as many women be- lieved it would be better to support a movement that would have for its object the erection of something more serviceable than a statue or shaft. A building which the workers there could use was suggested as more fit- ting.

Other resolutions that were passed included laws providing for stricter qualifications for nurses; the sup- pression of the white slave traffic; conservation of forests; preservation of the large trees peculiar to certain districts of California; federal mar- riage and divorce laws, instead of state regulation, as at present; train- ing schools for girls, and changing the name of Dead Man's island at the entrance to Los Angeles harbor to that of Esperanza, meaning hope, which it is believed would be a more fitting one for the emigrant to be greeted with on his landing than the present one.

GENERAL LEONARD WILL LOSE OFFICE

Bill Legislating Him Out of
Position Agreed on by House
and Senate Confers

WASHINGTON, May 25.—A bill which legislates General Leonard Wood out of the high office of chief of staff and the virtual control of the army of the United States, was agreed upon by the Senate and House con- ferences yesterday afternoon. In this bill was written, by the hand of Chair- man Hay, the chairman of the House military committee, a provision that no officer shall hold the office of chief of staff unless he has served not less than ten years with troops prior to his appointment as brigadier gen- eral.

It is noteworthy that Chairman Hay is the intimate friend of General Fred C. Ainsworth, who was deposed from the office of military secretary. The conferees in the Senate have agreed to consolidate the quartermas- ter, commissary and pay departments of the army into one general division to be known as the supply division.

This, it is alleged, will result in better organization and considerable reduction in expense.

The disputed question as to what shall be done with the various mili- tary posts about the country was solved with a compromise.

A commission, to consist of two Senators, two Representatives and five army officers, will investigate the subject and report to Congress next year. Meanwhile the agreement that no funds shall be expended on these army posts will be suspended.

As has already been exclusively announced by the International News Service, the Senate won its point in continuing the five cavalry regiments which the House sought to reduce. The terms of enlistment, set at five years by the House, was compromised upon at four years. The conference will not report the bill to the two houses until next week.

SUIT INVOLVES SAN PEDRO HARBOR

Edmund Burke Files Claim to
Tidelands Estimated as
Worth \$15,000,000

Los Angeles Times, May 25: A bill of complaint, involving what is prac- tically the entire harbor at San Pe- dro, and to quiet title to tide-lands estimated to be worth \$15,000,000, was filed in the United States Dis- trict Court yesterday by Edmund Burke.

The defendants are Susana Sepul- veda and a dozen more members of the Sepulveda family and their heirs, the Pacific Electric Railway Com- pany, M. H. Banning, Lucy Banning, J. T. Banning & Company, Southern Pacific Railroad Company, the Sur- veyor General of the United States, Los Angeles and Salt Lake Railroad Company, San Pedro Lumber Com- pany, the City of Los Angeles, the Palos Verdes Company, the Bixby Land Company and a score of other alleged owners of the water-front in the harbor of San Pedro.

It is alleged that under the grant made by Pio Pico, governor of Cali- fornia, to Jose Loreto Sepulveda and Juan Sepulveda, June 3, 1846, the patent did not embrace the tide- lands, in controversy. This was through a mistake in the surveyor's office of the Department of the In- terior in assuming that a portion of the grant consisted of the said tide- lands was not included in the grant as determined by the judgment and decree of the Board of Land Com- missioners. It is further alleged that the patent was a quit claim by the United States to the Sepulvedas.

Parts Prices are Taxes—
Get Them Low

Now—before you buy a car—find out what repair parts will cost you.

Parts prices are your taxes. They come to every owner and they will come to you. But you can get them low, if you will.

Most manufacturers take for granted you won't think of this before you buy a car. Then they've got you. But Studebaker says, "Find out now." Because the Studebaker maxim is—a square deal for every owner.

We guarantee E-M-F "30" and Flanders "20" cars four times as long as most manufacturers, and then sell you parts at prices lower proportionately than any other manu- facturer in the world.

ABOUT OUR PRESIDENTIAL CANDIDATES

In an article in the June American Magazine entitled "Our Next President and Some Others," the author, Ray Stannard Baker, presents the following facts:

"It is interesting to know that every one of the seven candidates, even including Roosevelt, has been admitted to the bar, and five of them have had successful careers in the law. Two have been judges. No one of them is a business man, and no one, save Mr. Harmon, has had any considerable experience with business affairs, either large or small. No one of them is a rich man and though several of them, by virtue of their high talents, have been able at times to earn large incomes, they have all been hard workers. Two or three of them have been relatively poor men all their lives, living frugally and devoting themselves unreservedly to public work.

"All of the candidates, save Wilson, have had long experience in public office, and in dealing with public men and public questions. While most of them can be called able politicians, no one of them belongs to that extreme type known as a machine politician: a boss. There is to the credit of every one of them not a little sound public service.

"All of the seven, save possibly Harmon, are at the very prime of life for national leadership. These are their ages:

Underwood,	50 years old.
Roosevelt,	54 years old.
Taft,	55 years old.
Wilson,	55 years old.
La Follette,	57 years old.
Clark,	62 years old.
Harmon,	66 years old.

"It is also of curious rather than of important interest that most of the seven were born in States which have long been fertile in the production of presidents and presidential candidates. Wilson was born in Virginia, Clark and Underwood in Kentucky, Taft and Harmon in Ohio, and Roosevelt in New York. Only one candidate, La Follette, comes from what may be called a new presidential state."

PRACTICAL ROAD WORK

A large and energetic Automobile Club has recently been organized at Anaheim, its sole avowed object being to work in a practical way for the betterment of roads in Orange county. To this end it has been suggested that an alliance be formed with the Santa Ana Automobile Club, a suggestion which should, and doubtless will, be received with enthusiasm by the autoists of this section.

There is absolutely no difference of opinion as to the crying necessity of road improvement in Orange county; nor is there any material opposition to a well-considered plan which will involve the expenditure of a large sum for the making of permanent highways. It is now practically assured that in the course of the next year or two there will be a state highway extending through the county, along the line of El Camino Real; it is also probable that at some time in the not distant future the county will vote a bond issue for the construction of a system of paved roads reaching the various sections.

But at the best these things will take time. The proposition in which automobilists, and for that matter, all citizens who have the advancement of the county at heart, are most interested at present is how to obtain immediate, even if only temporary, relief, from the present intolerable conditions. Orange county spends from

THE MERCURY OF THE MAIN

BY STANLEY QUINN

Kin of the flaming thunderbolt, child of the storm-swept sky,
I leap and race through the roads of space, Voice of the Sea am I,
No winding channels guide my flight, no threads my sinews chain,
For I take my flight on the wings of light, the Mercury of the Main.

Over the crests of the writhing sea, under the clouds, low hung,
I flash my way through the spume and spray, giving the lightning tongue.
I laugh while the tempest yields me way, I scatter the driving rain,
And the sluggish wind lags far behind the Mercury of the Main.

Where the masts of the churning ships point up to the stars through the silent dark,
I take my quest, north, east or west, sped by the spitting spark.
And I scour the waves and I search the land till the destined goal I gain,
And the hearts that sigh are gladdened by the Mercury of the Main.

When Neptune scurges his sullen waves with the last of the tempest's breath,
And the brave ships shake and the captains quake and the engines race with Death,
'Tis to me they turn in their tortured fear, and seldom they turn in vain;
For succor flies to the trumpet cries of the Mercury of the Main.

Kin of the flaming thunderbolt, child of the storm-swept sky,
I leap and race through the roads of space, Voice of the Sea am I;
For the newer gods of the newer years, gods with the Titan's brain,
Have made of fire and their high desire a Mercury of the Main.

—New York Evening Sun.

sixty to seventy-five thousand dollars a year on various kinds of road work, and it seems to be the general impression—possibly an incorrect one—that we do not get our money's worth. The opinion has been expressed by men qualified to speak that by the expenditure of a comparatively small sum temporary repairs could be made on the main roads of the county, which would put them into much better condition for the time, thus bridging the gap until we can get at permanent construction work. Merely to get rid of the bumps and chuck-holes on El Camino Real would reduce the number of cusswords uttered against Orange county by several million monthly, and add correspondingly to the standing and reputation of the county abroad.

This should be the work of the Automobile Clubs. Let them formulate and present a plan which will mean the putting of a few of the chief roads of the county into passable shape, and the maintenance of this standard, and the money for the work will be forthcoming. If it can not come out of the county funds automobilists, business men and civic associations will see that it is raised.

The Register has received from the State Fish & Game Commission a statement showing that during April bounties were paid for the scalps of forty-eight mountain lions, killed in this state. The statement shows no lions killed south of Kern county. In this the Register sees another argument in favor of some legislation that will make it possible for a county to use all or a part of the money paid in for hunter's licenses for rewards for scalps of animals that do depredations in that county. There are few mountain lions in Orange county, but there are a good many wildcats and coyotes and they more than hunters are responsible for the disappearance of the smaller game. There is no reward for the scalps of wildcats and coyotes.

Some Baseball Definitions
Hugh S. Fullerton publishes an interesting baseball primer in the June American Magazine in which he writes a hundred or more baseball definitions. We are quoting a few as follows:
"Bean (v.)—The head of a player (v) to bean—to pitch or throw and hit the batter in the head. (See Lima.)
"Bonehead—A player noted for making stupid plays; one adapter spoke of a player's head as his 'armored turret.'
"Crab—A crabbed player, a 'grouch.' The verb to crab means to show a quarrelsome or complaining spirit. Many of the worst 'crabs' in baseball are the pleasantest and most genial when off the field, their crabbedness evidently being the result of the nervous strain of playing.
"Flat-footed—Unprepared, caught napping. Any player who is caught napping off a base by a throw from pitcher or catcher is caught 'flat-footed,' the opposite of 'on the toes.'
"Flat-footed also is applied to runners who do not rise on the balls of the feet in sprinting, but allow their heels to touch. Also, such runners are kidney-footed or slough-footed."
"Meat Hand—The throwing hand of a player, the term resulting from the fact that the throwing hand is bare while the other is protected by a glove or mitt.
"Pebble Hunter—A player who makes excuses for making errors. The term arises from the fact that one old-time player was caught carrying pebbles in his pocket to drop on the ground after he fumbled, and then find, claiming each time that the ball struck a pebble and bounded wrong.
"South Paw—A left-handed pitcher. The term is derived from the fact that most baseball grounds are laid out so the pitcher faces west, and a left-handed pitcher's arm is to the south.
"Texas Leaguer—A short, weak fly that drops safe just over the infield and too close in for the outfielders to reach it. Usually an accident, but sometimes accomplished purposefully by good batters who merely tap the ball and float it safe. The term originated from the fact that Ted Sullivan, the veteran player-manager-magnate, had a team in the Texas League that was noted for that kind of batting."

PARDONED CONVICT PLANS TO RECOVER FALLEN FORTUNES

NEW YORK, May 25.—Charles W. Morse, whose physicians declared dying four months ago, when he was pardoned by President Taft from the Atlanta penitentiary, intends to rebuild his fortune in the same fields of endeavor in which before the panic of 1907 he had become a dominating figure. In this way he believes he will vindicate himself.

It was learned Morse plans to obtain control of the freight and passenger steamship business of the Hudson through the Hudson Navigation Company, which he helped organize.

CANCERS
TUMORS

Owing to the many patients which we have under treatment at Santa Ana, the Radio Specialist of the Therapeutic Institute of Los Angeles has made arrangements to make regular visits at Rosemore Hotel on Tuesday from 9 a. m. to 4 p. m.

Marvelous Cures are being effected in chronic and cancerous diseases by simple, safe, and reliable methods that cure quickly without drugs or operation. No pain, no knife.

We give below names of a few of our many cured patients:

Mrs. Geo. Bredow, 1239 East Twenty-second street, Los Angeles, says: "Some years ago I had what the doctors called a fibroid tumor. They estimated that it would weigh at least thirty-five pounds. To my knowledge it had been growing for about five years. It caused me a great deal of suffering and anxiety. On September 4, 1910, I called on a physician in charge of the Therapeutic Institute, 946 South Broadway, for consultation and advice. He made a careful and thorough examination of my case and to my surprise, said he could cure me without an operation. I took treatment from him for six months and in that time I was reduced to my normal size and completely cured. It has been now nearly two years since I took the treatment, and I have never had any return of the trouble. I consider this wonderful, because the leading physicians and surgeons that examined me would all said the only thing to do would be to go to the hospital for an operation, and it would be doubtful if I would recover from the shock, owing to my weakened condition. I can say to the ladies of Los Angeles and vicinity that I feel that I owe my life to the treatment and can highly recommend it to the afflicted."

Lewis Williams, 2632 Loosmore street, Los Angeles, well known retired business man, cured with two treatments, of cancerous growth on the hand.

G. H. Farrar, 1535 East Fifty-first street, Los Angeles, was cured in two months of a large cancerous tumor on left breast, from which he had suffered for four years.

Mrs. J. Brown, 219 1/2 North Olive street, cured of piles, after intense suffering for ten years.

We have on file hundreds of testimonials similar to the above. If you are afflicted and interested, you are invited to call and investigate.

We have successfully treated Cancers, Tumors, Goitre, Consumption, Asthma, Catarrh, Deafness, Weak Lungs, Chronic Cough, Rheumatism, Neuralgia, Piles, Fistula, all Skin and Blood Diseases, Paralysis, Locomotor Ataxia, Spinal Trouble, all Nervous Diseases, Prostatic Trouble, Diseases of the Kidney, Bladder, Nervous Debility. We give special attention to diseases of women. Our system of treatment cures without drugs. It gives you back the very element you have lost. It puts new life into the veins and renews health and vigor.

If you have failed to get relief from old-time methods of treatment, do not despair—there is still hope and help for you.

Every afflicted woman is invited to come and talk with us about his affliction and let us demonstrate free the means we have employed successfully in hundreds of other cases.

Consultation, Examination and Advice Free and Invited. Call at the hotel on the above date, or at our home office.

STATE SCHOOL SUPT.
GIVES HIGH PRAISE

He Declares Los Angeles High School is Real Wonder of the World

SACRAMENTO, May 25.—Following a recent visit to Los Angeles, State Superintendent Hyatt, under the title of "Little Talks by the Way," in the May number of the Western Journal of Education, issued yesterday, has this to say of the Los Angeles high schools:
"The high schools of Los Angeles are simply and indeed the wonder of the world. The Los Angeles High has 2000 students. The Polytechnic High has 3000. The Manual Arts High has 1600. The Hollywood High has 600. So they go. And the scale of magnificence upon which they are constructed is incredible. Half a million dollars is about the proper thing to start with. The group plan of building is the type, with an administration building, a science building, a building for agricultural and household arts, an industrial building, a gymnasium and perhaps several other smaller structures for special purposes. One of these great California high schools would have been a wonderful university a quarter of a century ago.
"The world do move by leaps and bounds."

Japanese Lifeboat Cards
St. Louis Republic: Congressman Redfield, in a letter to a New York newspaper, calls attention to the fact that the interest of the Japanese in proposed reforms in life-saving service on ocean liners is purely sympathetic, for these quiet people, who act while other nations talk, have already solved the problem. On the Japanese steamers plying between San Francisco, Japan and Hongkong each stateroom has within it a "lifeboat card," informing the occupants of the number and location of the lifeboat to which they are assigned in case of disaster. Even the officer in charge of the boat is specified. Mr. Redfield says that having his attention thus called to the matter, he, as a passenger of the Oriental Steamship Company, visited the boat to which he was assigned and that other passengers did the same thing. Comment is unnecessary. The Occident uncovers to the practical genius of those islands of the East that lie beyond the West.

Entertained Mission Society
Mrs. W. H. Spurgeon entertained the Mission Society of the M. E. Church South, at her North Main street home, yesterday afternoon. The spacious rooms of the Spurgeon home were brightly lit by Shasta daisies and carnations. The time was spent with fancy work and conversation and a reading by Mrs. Moore, which proved very interesting. Delicious refreshments of ice cream and cake were served.

For Eastern Star Children
The annual entertainment by Hermon Chapter, to the children of members of the Eastern Star will take place next Monday night, May 27, at 7 o'clock in Masonic Temple. A splendid evening is being planned to which the children of all Eastern Star members, either resident or visiting are invited.

Next Tuesday's Concert
The concert to be given at the First Baptist church next Tuesday evening by W. A. Benjamin and the choir, will be the last entertainment of the kind until next fall, and special efforts are being made that it prove the best and most interesting yet given.

Several new choruses and organ numbers, as well as a most varied list of songs, will make up an extremely attractive program, which will be printed in full in these columns on the day the concert is to be given, Tuesday, the 28th.

Jolly Occidental Scrimmage
James Smart was one of the leaders of the upper classmen of Occidental College yesterday when they clashed in a jolly scrimmage with the college freshmen over a skeleton dubbed "His Nibs" by the students and which plays an important part in the initiation of freshmen. "His Nibs" totally disappeared and the upper classes were sad. A note from a co-ed told where he could be found in the hills near the college. Rescued and taken back to the college, "His Nibs" disappeared became a case of bell and the supposedly guilty freshmen were commended to confess. Nobody "fessed." Then the about 80 upper classmen started in to spank the same number of freshmen and for ten minutes the battle raged. Not all of those who were spanked were freshmen, however. The co-eds stood by and cheered.

Will Attend Services Together
The Daughters of Veterans held a regular business meeting last evening with a full attendance of members present. The invitation extended by the Daughters to the tent from the Bedgwick Post to meet at the G. A. R. Hall tomorrow afternoon at 2 o'clock and go with them to the memorial services to be held at the United Presbyterian Church was accepted. Following the adjournment of the business meeting, a social time was enjoyed with the serving of light refreshments.

HOME PROTECTION IN BALLOT, SAYS ANGEL OF PRISONS

What Maud Ballington Booth, the "Angel of the Prisons," as she is reverently termed from coast to coast and country to country, thinks of the possibilities of the ballot in woman's hands is shown by a sentiment she recently expressed. It follows:
"I believe emphatically that a woman's place is home; but where is her home? Mine is all the way from Boston to San Francisco and from Canada to the Gulf. The question is not what a woman should be allowed to do, but can she do it properly? In the reform of woman suffrage, home is the very watchword, for all the interests of the home, and all the evils that affect the home, are largely dependent upon politics. Women not only should have the power to deal with these, but they could wield it effectively."

Sunday School Picnic
The Congregational, Baptist and Methodist Sunday schools are enjoying a picnic in Orange County Park today.

Reunion of Auto Party
Mr. and Mrs. J. G. Quick entertained at their home on East Fourth street last evening with a reunion of the party which recently held a picnic at San Juan Capistrano. A jolly, informal evening was spent with music and conversation and the serving of dainty refreshments. Those enjoying the Quick's hospitality were Mr. and Mrs. T. W. Neely, Mr. and Mrs. C. W. Burns, Mr. and Mrs. W. D. Baker, Mr. and Mrs. F. W. Wieseman, Mr. and Mrs. Charles Wieseman and Mr. and Mrs. J. G. Quick.

LONG BEACH HIGH DEBATE CHAMPION
Won by Six Points Over Pomona in Joint Debate Taking Place Last Night

The last of the simultaneous debates of the Southwestern Debating Association took place at Pomona and Long Beach respectively last night by two representatives of each school. At each place the question debated was, "Resolved, That the United States Senate was justified in refusing to ratify the general arbitration treaties of 1911 as originally submitted." The home team at each place won, but Long Beach had the advantage of about six points on the joint score, thus winning the championship in the association. Attorney S. M. Davis was one of the judges at Pomona.

HEROIC ACT SAVED MEN FROM INJURIES

Anaheim Plain Dealer:—A piece of heroism on Monday afternoon was that of Bert Friggie when he dashed to the steam valve and, throwing himself flat on the floor, shut off the blower at Union No. 5, minimizing an explosion that followed through the presence of a faulty piece of steel in the blower.
Friggie detected something wrong with the blower through the sound of the mechanism and instantly called to others in the rig to run. They did so, while he dashed to the steam valve and shut it off. As he lay flat the blower exploded, hurling its shattered steel cylinder in all directions. The corrugated iron roof of the blacksmith shop in which the blower was located was riddled by the flying pieces of steel. Friggie remarkably enough escaped injury.

ANAHEIM CITY TO INSURE EMPLOYEES

Anaheim Plain Dealer: There was but little doing at the Council meeting Thursday night, only a small amount of business being up for consideration.

The ordinance changing the compensation of the city recorder from a fee basis to a salary of \$50 per month was adopted.

The matter of closing that part of Third street south running through the Catholic seminary property was up again for consideration but was laid over until next meeting for final disposition.

The clerk was directed to notify property owners to clean the streets in front of their properties of weeds and rubbish, and he was also authorized to reinstate the three boilers at the power house.

Trustee Stark brought up the matter of making provision for sewer connections, and the city attorney was instructed to prepare an ordinance governing the same.

Mr. Stark also recommended that the city take out insurance with some casualty company to protect itself in case of accidents to city employees. The recommendation met with the approval of the other board members, and insurance will be taken out at early date.

Building permits were issued to O. E. Steward for a \$250 addition to dwelling on East Broadway, to Mr. Schlotter for \$1000 dwelling on North Olive street, and to F. Koels for a \$2000 dwelling on East Broadway.

EXTRA CARS WILL RUN NEXT SUNDAY

Agent Battey of the Pacific Electric has received word from D. W. Pontius, general traffic agent of the P. E., to the effect that extra car service will be provided Sunday to Newport Beach and Balboa, on account of Martin's flying. An extra train will leave over the P. E. at 12:45 o'clock.

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however is the safeguard which a bank account affords the future.

LOS ANGELES PRODUCE MARKET
Eggs declined 1 cent a dozen on the Produce Exchange yesterday, the new quotation being from 18 to 21 cents. This restores the prices quoted early in the week.
Eastern Daisy and single cheese declined 1 cent a pound, and domestic Swiss, in blocks and wheels, advanced 1 and 2 cents a pound, the new quotation on each being 25 and 26 cents. Eastern daisies are now quoted at 21 cents, and singles at 22 cents.
Cantaloupes were listed on the exchange yesterday, pony crates at \$4, standards at \$5, and specials at \$1.50. The Mexican cantaloupes supplied the best trade, selling on the street at \$4.50 and \$4.75, according to size. Imperial and Coachella cantaloupes showed a great improvement, but as yet have not graded up to fancy.
Bananas advanced to 4¢ and 5¢ a pound. There are plenty of bananas on the market, but not enough ripe ones to adequately supply the trade. Three cars arrived yesterday, making six cars since Monday. The most of the bananas were green, and the market, when they got here, was barren. The situation is considered only temporary, and by Monday the market will be normal.
A shortage in fancy asparagus was relieved upon arrival of a carload from Woodward Island in the North. Fancy wax beans from Coachella sold at 11 cents. Peas were scarce at 4¢ and 5¢.
Tomatoes were also scarce. Some fifty crates from Coachella were the only fancy stock on hand. Large shipments are expected Monday from both Coachella and Mexico, to relieve the shortage.
Fancy cucumbers were scarce. The first carload shipment of new potatoes in sacks was received yesterday afternoon.
Sweet potatoes declined \$1 a hundredweight, the new quotation being \$5. A corresponding drop by the lug box brought that quotation down to \$1.25 and \$1.50. Watermelons were listed on the exchange at 4 and 5 cents a pound. Locusts declined to 4 and 6 cents a pound.
Aside from heavy shipments of produce receipts of the principal produce staples were light; Eggs, 61¢ cases; butter, 41¢50 pounds; cheese, 10¢50 pounds; potatoes, 52¢ sacks; onions, 47¢ sacks.

How to Make Money and Insure the Family a Home and an Income.

THE LIFE INSURANCE AND BENEFIT
No life insurance company will give you such insurance at any cost. No bank will pay you such interest on your deposits.

No building and loan association pays out so quickly, or allows your property to pay for itself in so short a time. No other land owner offers to give you a home and an income, in case of death.

THE PROPOSITION
Is to own a piece of land at little cost, small payments, no interest, no premium.

HOW TO GET IT
You make application to the undersigned for the number of acres you can handle.

After selecting the piece you want, make the first payment of \$100.00 in cash. Then you have monthly payments of One Dollar per acre for three years. No interest on deferred payments, no taxes on land.

You get a good title and a deed when your payments are all made. Or in event of death at any time previous to the time for making final payment, your heirs get a deed to the land, free of any further payments.

WHAT YOU GET
Twenty acres of rich sandy loam for \$500.00, that will pay an income of at least \$100.00 per year in cash and a Life Insurance, with no cost for premiums. The land will produce Alfalfa, Peaches, Apples, Water melons, and other fruits, grapes, cotton, Egyptian Corn and all kinds of grain.

You will be of a community of more than a thousand other settlers who will be your neighbors.

Your land with proper care will produce from five to six cuttings of alfalfa, of one and one-half tons each to the acre, worth from \$8.00 to \$12.00 per ton. If you do not care to work it yourself, your neighbors will work it for you on shares.

WHO SHOULD BUY AND WHY
All those who want an investment that is perfectly safe, whether they be doctors, lawyers, bankers or business men. All those who have a salary or income sufficient to meet the monthly payments without a strain on their purse. All those who are saving so much each month and putting in bank at a low rate of interest.

Those who want to farm, raise fruit or alfalfa and want to commence an income immediately.

Those who want cheap land to develop or to hold for an advance in price. Those who want a home they can go to in the future.

LOCATION
The property is in Fresno County, southwest of the town of Mendota. The title is first class and guaranteed. The soil and the price is the same for all of the lots, whether the closest or the farthest from the town.

I will gladly furnish you with any further information, show you a map of the tract and help you in making selections.

Jury Finds That Defendants
Were Justified in Refusing to
Carry Out Deal

Judgment for the defendant was the verdict brought in yesterday afternoon by the jury that heard the evidence in the suit for \$1250 commission on a realty deal. The plaintiff was Laura Resh, who sued as assignee of the Danberry Realty Company of which firm she is a member. A. G. Blom and others were the defendants. The plaintiff asserted that the agents did their part in arranging the deal, and that the defendants then refused to carry out the deal. The defense was that the property was not as represented, and that the defendants were justified in refusing to carry out the deal. The jury found with the defendants. F.

FAMOUS GUNBOAT
IS OUT OF SERVICE

Yorktown no Longer in Commission—Figured in Chilean and Manila Affairs

VALLEJO, Cal., May 25.—The United States gunboat Yorktown, one of the vessels of Dewey's fleet which captured Manila, was placed out of commission at the Mare Island navy yard yesterday. It was announced that the vessel probably would be sold to one of the Central or South American republics, although it is reported that Mexico has made a tentative offer of purchase.

The keel of the Yorktown was laid in Philadelphia in 1887, and she went into commission in 1889. She is a vessel of 1710 tons. The Yorktown was commanded by the late Robley D. Evans at Valparaiso, Chili, during the strained relations between the United States and Chili in 1891. It was Evans' diplomacy, backed by the guns of the Yorktown, that brought about a speedy settlement of the differences between the two countries.

Orange County's newest attorney is Clyde C. Shoemaker. He was admitted to the bar by the Appellate Court at San Francisco on Tuesday of this week. Shoemaker has not yet decided where he will locate to practice his profession.

Shoemaker won high honors at Stanford University as a law student, being selected by the faculty for recognition by the legal fraternity. He graduated as Bachelor of Arts in 1910 and this month completed the law school work, receiving the J. D. degree.

Shoemaker is the son of George A. Shoemaker of Orange. He arrived home from the north yesterday.

LATE CALIFORNIA
GRAPES AGAIN TO
BE TESTED IN EAST

WASHINGTON, May 25.—So successful was the first test made last year by the Department of Agriculture in shipping carefully selected grapes from California for the late Eastern market that this year the experiment will be renewed on an increased scale.

The object is to see whether the Red Emperor grape, which ripens late in the fall, can compete on the Christmas market in New York, Chicago and elsewhere with Spanish and other European grapes.

A. V. Steubenrauch, in charge of this work for the department, has just returned from the Pacific Coast, where he made arrangements for this year's tests.

Arizona Solons to Consider
State Buying Bureau and
Many Important Matters

PHOENIX, May 25.—Among the most important matters to be considered at the special session of the legislature opening yesterday, is the bill for establishing a state purchasing bureau, which its adherents claim will save the state \$150,000 annually. Other important matters are general election and primary laws, employers' liability and compensation acts, ratification of cities' home rule, a constitutional amendment, anti-lobbying bills, the establishment of a state school on modern lines. The bitterest fight is expected over the proposed constitutional amendment forever prohibiting the sale of school lands.

RAILWAY COMPANY
PENSIONS WOMAN
FIRST IN HISTORY

CHICAGO, May 25.—After twenty years of active service for the railroad, Mrs. Mary Allen yesterday retired on a pension. Mrs. Allen rose from scrub woman to matron of the Park Row station. She is the first woman employed by a railroad in the United States to receive a pension.

This was the result of a new departure in policy of the company by which employees are to be pensioned for service and not for age. For men the limit will be twenty-five years, for women twenty years. Heretofore the rule has been that no pension would be paid unless the employee had reached the age of sixty years, or when total disability resulted.

Newburg, Ala.—"For more than a year," writes Myrtle Cothurn, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the woman's constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

from a certain number of years of employment.

By the new rule the employee will be pensioned if disabled for the work being done. By the old rule, if an engineer lost an arm and was unable to handle the levers on a locomotive, he could receive employment in some clerical capacity.

MILWAUKEE, May 25.—Farnum Fish, aged 19, of Los Angeles, aeroplaned here from Chicago, averaging eighty-five miles an hour, breaking Paul Hans' world's record for speed in a continuous flight of seventy-five miles an hour. He carried a consignment of silk weighing 300 pounds.

A. F. BOWERS FINDS
1280 ACRES RICH
POTASH DEPOSIT

SAN BERNARDINO, May 25.—A. F. Bowers promises to become potash king of the world, having staked out 1280 acres of potash land. A part of the claim lies in the bed of Salt Lake. There is no surface water, but water is found at a depth of fifteen feet and it contains 15 per cent potash. The soil assays from 2½ to 16 per cent potash.

TWO GAMES WERE
PLAYED YESTERDAY

The Y. M. C. A. schedule was again in evidence last evening when the United Presbyterians crossed bats with the First Presbyterians at Lincoln Park.

For the biggest part of the game the U. P. boys had one on the boys in gray by a tune of 4 to 3, but in the last inning the boys in the brand new suits came through with a terrific batting rally and scored three runs, winning the game, 6 to 4.

Batteries—First Presbyterian, McPherson and Tidball; United Presbyterian, Smith and Andrews. Umpire—Stevens.

At Fourth Street Grounds the Methodists and South Methodists met, the boys from the Methodists winning by a score of 7 to 2.

The fielding of the two teams was nearly perfect, but the terrific batting of the North Methodists proved the undoing of Youngman, the slab artist for the South M. E.

Jerome S. McWade, the Duluth collector, was praising the wit of a Duluth banker at a dinner.

"Even in his childhood," said McWade, "the man was witty. It is recorded in Duluth's archives that once at school he talked in his history lesson and was in consequence flogged with a trunk strap by his teacher."

"The witty lad, as he lay across his teacher's knee and the blows descended rapidly upon him, swung around his head, smiled up in the teacher's face and said: 'Happy to be flogged by you, sir.'"

AGAIN WINS IN
OREGON COURT

Santa Ana Woman and C. D.
Taylor Are Still Man
and Wife

OREGON CITY, Ore., May 25.—Circuit Judge Eakin yesterday overruled the motion of Charles Davenport Taylor, the millionaire miner, for a rehearing of the motion to have the order annulling his marriage to Mrs. Minnie E. Taylor of Santa Ana, Cal., set aside.

Judge Eakin gave the plaintiff twenty days in which to file affidavits in answer to those of the defendant.

An order annulling the marriage was made about a year ago, but on motion of Mrs. Taylor the order was later set aside.

Mrs. Taylor alleged that she had not been served with summons, although published in an Oregon City paper, a copy of which was mailed by the sheriff to Mrs. Taylor's address.

Taylor's divorce decree now stands annulled and he is the husband of Mrs. Taylor. She is now suing him for divorce and alimony in the courts here, as Taylor had acquired residence in this county in order to sue her for divorce.

BE OF INTEREST TO
ALL MUNICIPALITIES

LOS ANGELES, May 25.—The annual convention of the National Municipal League is to be held in Los Angeles from July 8th to 12th. At this convention some 250 recognized American experts on various phases of civic and municipal work will be present to discuss the latest, most approved and most successful plans of advancement. There is a vast amount of benefit to be derived from this meeting for every California city. There will doubtless be a full attendance of editors, mayors, municipal officials and civic workers from all sections. There is going to be a magnificent civic exhibit, something instructive, entertaining and inspiring. This will be the most complete and representative exhibit of its kind ever given in the United States.

Almost Perfect
"How are you getting along with your stenography, Bella?"

"Splendidly. I've been at it only six weeks and I can write 150 words a minute with perfect ease."

"Then you are ready to look for a job?"

"Yes, yes, or I will be, just as soon as I've learned to write."
